If you have any ideas, please raise your hand now.

So, on the subject of what play we are going to do...

Sigh...

They're so cruel for dumping this all on us.

How can we possibly make a script on our own?

I recommend the talented Shirai-kun and Yukimura-san to

work on making the script!

What?!

Here!

Try my example, "The Journey to the West"...

For now, let's not think anything difficult.

It's a class play, so everyone has to take part in the play, right?

.....

The others can play as Sun Wukong's shadow clones when he uses it.

Sun Wukong, Tang Sanzang, Sha Wujing, and Zhu Bajie. Only four main characters.

We're going to have exams soon,

I don't want to be bothered by this...

Let's just half-ass this thing.

Everyone else doesn't care, so why should we?

Thump, thump, thump... ♡

My heartbeat grows louder.

So loud, Shirai-kun could hear them...

In the quiet library

I'm alone with Shirai-kun...

SACHITIIII!

twitch

Your cell's ringing, Yagi-kun.

Ah, whatever.

Probably just some prank call.

文学

What'cha doing?

My class dumped the writing job for the school festival play on me.

Here you are.

The school festival's in October, man!

Just do this shit later!

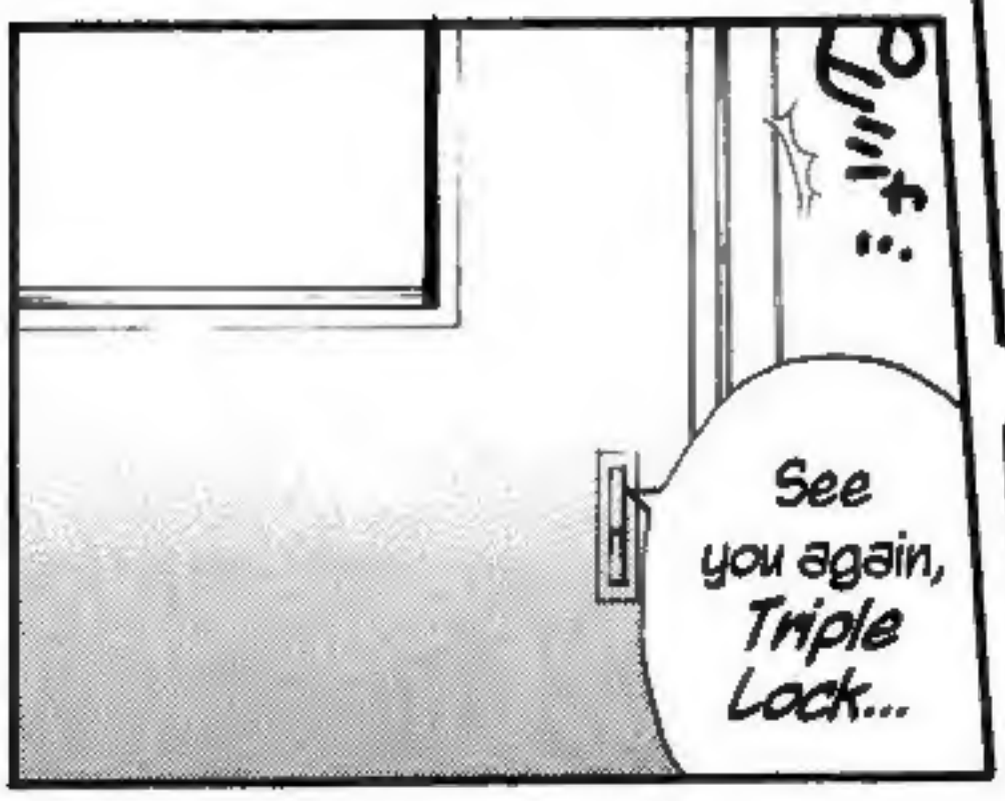
C'mon, let's go to the clubroom!

Yes, it'd be best for you to leave than continue being noisy in the library.

You're a nuisance.

Hah, nuisance, you say...?

There's nobody around besides the three of us anyway.



...!!
See you again, Triple Lock...

Sachi, we're screening a (porn) movie in the clubroom right now,
come join us later after you're done or something...

What?
Triple what?
Wa ha ha

世界の

Really? I kinda like Yagi-kun.

I hate that person.

Shirai-kun,

you should choose better friends.

Shirai-kun looks angry...

twitch twitch

This is enough for today.

Let's think up some ideas on our own and meet again here next week.

He hates me now.

Shirai-kun

U-um, Missy...

I had his way with this girl and now he has to take responsibility?!

This sounds like a serious discussion, so I, an outsider, am going to step aside...
